ABA data collection

FGD with enumerators

Brief discussion of the situation in the assessed settlements

1. Settlement introduction

Brief introduction of the settlement according to enumerators perception (small/ big, majority elderly/lots of kids, depressive/positive atmosphere, etc.).

2. Administration

- How was the meeting with Administration?
- Did they provide additional statistics for other settlements? Which ones?
- Are there any stories from Administration regarding situation in the settlement, residence of it, services?
- What are the major obstacles and issues in the settlements (e.g. lack of water, no proper vast management, etc)?
- Other comments

3. Education

- What are the biggest obstacles and issues in the settlements within education sector?
- Are there any destroyed, not working schools, education facilities taken by militaries?
- Have educational facilities received any support from NGOs? Which ones and from whom?
- Other comments

4. Health

- What are the biggest obstacles and issues in the settlements within health sector?
- Are there any destroyed, not working health facilities, facilities taken by militaries?
- Have health facilities received any support from NGOs? Which ones and from whom?
- In your opinion, do they have sufficient medical assistance in the settlement?
- Other comments

5. Security

- What is the situation in terms of security in the settlement?
- How did you feel being there?
- Are there any comments from population regarding security situation in the settlement?
- Are there any (personal) stories from KIs regarding security situation, military presence, check points, population casualties, mines, etc.?
- Other comments

6. Infrastructure

- What is the quality of roads to the settlement and inside the settlement?
- What is the situation with transport inside the settlement and to the nearest bigger settlements? Are there any alternative transports (e.g. shared private cars)?
- What is the situation with water, gas, heating, electricity supply in the settlement?

- What is the situation with employment and employment opportunities in the settlement?
- Other comments

7. Shelter

- Have you seen destroyed/shelled buildings in the settlement? Are there a lot of such buildings?
- Have you seen repaired buildings in the settlement?
- Is there any assistance in shelter repair from NGOs? Which ones and from whom?
- Other comments

8. Markets, access to food and NFIs

- In your opinion, do they have enough markets, shops in the settlement to buy food and NFIs?
- What is the situation with prices in the settlement?
- Other comments

9. Personal stories from KIs

- Who were you KIs in the settlement (representatives of local NGOs, volunteers, local population)? How did you find them?
- Are there any (personal) stories from KIs?
- What are the biggest concerns and issues of the population in the settlement? (shelling, absence of employment, staff reduction on local enterprises, persons are leaving the settlement, insufficient medical care, lack of markets, lack of transport, etc)?
- Other comments

10. Other issues

Any other issues which have not been covered during the discussion.

Thank you for the discussion!
