5,404 buildings total*
2,716 buildings damaged**
50% of neighbourhood damaged

*according to DSM extract from 27 March

**damage figures are the result of a rapid assessment and may be subject to change following further detailed QA/QC

***construction typologies by zone were gathered by REACH through participatory mapping with neighbourhood leaders. % of buildings in the area with each type of wall/roof/door collected, and the remote sensing damage figures were used to estimate total damaged buildings by type. Damage numbers may not match total numbers damaged due to some areas not being classified by neighbourhood leaders.
