2,177 buildings total
884 buildings damaged
41% of neighbourhood damaged

According to OSM extract from 27 March

*Damage figures are the result of a rapid assessment and may be subject to change following more detailed QA/QC.

**Construction typologies by zone were gathered by REACH through participatory mapping with neighbourhood leaders. 5% of buildings in the area with each type of wall/roof were collected, and the remote sensing damage figures were used to estimate total damaged buildings by type. Damage figures may not reach total numbers due to some areas not being classified by neighbourhood leaders.
